

COVERT MISSION

Search

After deployment concludes, place 3 search markers in separate terrain pieces outside your deployment zone.

At the end of your first turn in which you control any search marker, you earn 4 points for your alliance toward your battle zone. In addition, randomly select one of the two other search markers. At the end of your first turn in which you control that marker you earn 5 points for your alliance toward your battle zone.

If you control multiple search markers at the end of the first turn in which you do so, you earn 9 points for your alliance and do not roll to select another.
